PR650e Embroidery machine

Achieve professional embroidery results quickly and easily with the Brother PR650e

- 200mm x 300mm embroidery area
- High definition ASV LCD touch screen
- Advanced natural lighting system
- Variable speed:
400 to 1,000 stitches per minute
- Automatic threading
- 25 built-in fonts
- USB ports (2.0/1.1)

PR650e Embroidery Machine

The PR650e incorporates all the user friendly features you'd expect to find in any of the Brother home embroidery machine range, together with the speed and finish of a commercial model, making it ideal for those thinking of starting a home based embroidery business.

The wide-angle HD LCD display offers vivid, crystal-clear clarity, rendering the brightest images imaginable. See high resolution design previews almost instantly. The new brightness adjustment feature allows you to change the screen brightness to suit your environment.

Most importantly, you'll find the PR650e incredibly easy to use.

Versatility, speed and professional finish

Create full colour appliqués, perfect for badges and medallions

Forward/reverse +/- 500 stitches

Set back/forward over the design.

Group/ungroup

Combine designs and edit them as one or separate design elements and edit separately.

Link up to four PR650e Series and PR1000 Series machines and (Optional PE-DESIGN® NEXT software required) monitor all machines from a single computer. Queue up to 100 designs.

Cylinder arm

The cylinder arm makes it easy to embroider items such as caps, tote bags, sleeves, trouser legs, etc.

Included embroidery frames

Choose the ideal embroidery frame for the job from the four different sizes included with the PR-650e (200mm x 300mm, 130mm x 180mm, 100mm x 100mm, 40mm x 60mm).

Advanced natural lighting system

The built-in LED lights provide effective natural lighting for your working area.

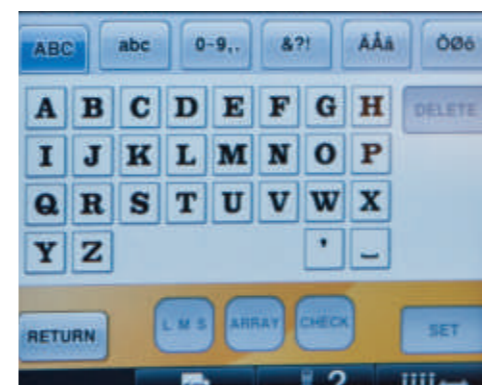

Six needles

Embroider multi-coloured designs quickly and easily. Automatic colour change allows you to pre-programme the colour sequence for the design. Upper and lower thread trimmers eliminate time-consuming trimming after the embroidery is complete.

Exclusive automatic needle threading

Simply press the automatic needle threading button and the upper thread will pass through the needle. It couldn't be easier!

25 built-in fonts

Utilise the simplicity of the LCD touch screen and modify your projects with a range of lettering styles and text effects. This gives you the flexibility to add originality to your designs.

Customise designs on screen

Powerful customising capabilities include arranging text, pattern rotation in 1-degree increments, change design size, and the ability to combine designs and add lettering.

Versatile new features

Single colour embroidery. Convert multi-coloured designs to single colour. Registration marks for easy, continuous borders.
